

VIJAY KUMAR K

IT Student | Eager to Begin a Career in Software Development

☎ +91 75982 02292 ✉ [Mail](#) [LinkedIn](#) [Github](#) [leetcode](#)

Career Objective

Highly motivated and results-driven B.Tech IT student with a solid foundation in Java and Python. Seeking an entry-level software development role to apply problem-solving skills and technical expertise in building innovative projects and contributing to a dynamic team.

Skills

Programming Languages: Java, Python
Web Technologies: HTML, CSS, JavaScript, web frameworks MERN, MEAN
Languages: Tamil, English
Database: MySQL, MongoDB
Additional Technologies: Basics of Blockchain
Soft Skills: Communication, Problem-solving

Projects

- Smart Ticketing and Seat Monitoring System for Public Bus Transport** | Developer **2024**
- Developed an IoT-based system to monitor seat occupancy in real time for public buses.
 - Tracked the live location of buses using GPS and integrated sensors.
- Sentiment Analysis of Reviews received through E-Commerce Websites** | Developer **2025**
- Developed an LSTM-based sentiment analysis model to classify e-commerce customer reviews as positive, negative, or neutral using Python and TensorFlow.
 - Applied NLP preprocessing techniques (tokenization, stop-word removal, lemmatization) and word embeddings to enhance model accuracy.
- Campus Event Tracker / College Event Management System** | Developer **2026**
- Developed a MERN-stack web application designed to streamline student event registrations, team formations, and faculty approvals across college departments. Engineered an anti-fraud "Live Geotag Verification" system that utilizes device cameras and the Geolocation API to capture and securely encode unalterable GPS and timestamp watermarks onto live photos.
 - Applied techniques (Role-Based Access Control (RBAC) Data Segregation, Dynamic Multi-Day Scheduling Temporal Locking Algorithm)

Education

- V.S.B. Engineering College, Karur** **Expected May 2027**
Bachelor of Technology – Information Technology
- Sri Vidhya Nikethan Matric Higher Secondary School, Kangayam** **2022–2023**
HSC – State Board (93.8%)

Internship

- Infosys (Virtual Internship)** **– Present**
FullStack Intern
- Project: Digital Agriculture Trading Platform for Farmers and Retailers.

Certifications

NPTEL: Programming in Java (Elite Silver)
Infosys Springboard: Java Foundation Certification, Python Foundation Certification

Achievements

- Solved 300+ problems on LeetCode in Java. [LeetCode](#)
- Earned a 5-star gold level in HackerRank for Java. [HackerRank](#)
- Earned a 100-day badge on LeetCode, showcasing consistency.

Declaration

I hereby declare that the above-mentioned information is true to the best of my knowledge and belief.
