

VIJAY KUMAR K

IT Student-Eager to Begin a Career in Software Development

📞 +91 75982 02292 ✉ [Mail](#) [LinkedIn](#) [Github](#) [Leetcode](#)

Career Objective

Highly motivated and results-driven B.Tech IT student with a solid foundation in Java and Python. Seeking an entry-level software development role to apply problem-solving skills and technical expertise in building innovative projects and contributing to a dynamic team.

Skills

Programming Languages: Java, Python

Web Technologies: HTML, CSS, JavaScript, Basics of web framework MERN

Languages: Tamil, English

Database: MySQL, MongoDB

Additional Technologies: Basics of Blockchain

Soft Skills: Communication, Problem-solving

Projects

Smart Ticketing and Seat Monitoring System for Public Bus Transport — *Developer* 2024

- Developed a MERN-stack web application to monitor real-time seat occupancy in public buses, allowing passengers to view seat availability and live bus location.
- The conductor module updates passenger drop-off details and the bus's GPS location, ensuring accurate occupancy tracking based on the ticket issued.

Campus Event Tracker / College Event Management System — *Developer* 2025

- Developed a MERN-stack web application designed to streamline student event registrations, team formations, and faculty approvals across college departments. Employed an anti-fraud “Live Geotag Verification” system that utilizes device cameras and Geolocation API to capture secure GPS and timestamp watermarks.
- Scaled technical infrastructure (Role-Based Access Control (RBAC), Data Segregation, Dynamic Multi-Day Scheduling, Temporal Session Algorithms).

CodeIntellAI – AI-Powered Code Intelligence Platform (Live Demo) — *Developer* 2026

- Developed CodeIntellAI, a full-stack AI code review tool (FastAPI, React, Groq/Gemini API) that analyzes, debugs, optimizes, and translates code across languages with structured health scoring and live frontend preview.
- Architected a stateless, async backend with batch processing and multi-model LLM fallback, deployed on Render and Vercel.

Education

V.S.B. Engineering College, Karur. (CGPA: 8.53) 2023–2027

Bachelor of Technology – Information Technology

Sri Vidhya Nikethan Matric Higher Secondary School, Kangayam 2022–2023

HSC – State Board (93.8%)

Internship

Infosys (Virtual Internship) – 2026

Java Full Stack Intern

- Project: Digital Agriculture Trading Platform for Farmers and Retailers.

Certifications

NPTEL: Programming in Java (Elite Silver)

Infosys Springboard: Java Foundation Certification, Python Foundation Certification

Achievements

- Solved 300+ problems on LeetCode in Java. [LeetCode](#)
- Earned a 5-star gold level in HackerRank for Java. [HackerRank](#)
- Earned a 100-day badge on LeetCode, showcasing consistency.

Declaration

I hereby declare that the above-mentioned information is true to the best of my knowledge and belief.
